

**IN THE SPECIFICATION:**

Please cancel the following specification amendment previously requested for entry in an amendment filed September 21, 2007 on page 30, at line 9, immediately following the phrase "mat support 204A."

---

The mat supports are recesses formed in the mat which extend downward from the upper surface of the mat a uniformed depth and which are arranged in an array surrounding reservoir region 210.

---

The above specification amendment is hereby cancelled.

No new matter has been added by this specification cancellation.
